

SMARTER TOGETHER IN VIENNA, MUNICH AND LYON

"I am very pleased to be taking over the patronage of Smarter Together. Smarter Together has become the Smart City Urban Renewal Initiative in Vienna, offering a variety of great solutions and innovations for a livable, green and socially sustainable city of the future. Smarter Together is forward-looking, because it connects people, involves the economy, underlines the partnership-based cooperation of all and even promotes Vienna's attractiveness as an international business location."

Kathrin Gaál
Executive Councilor for Women and Housing
Patron of Smarter Together Vienna

ABOUT SMARTER TOGETHER

70 experts develop more than 40 projects for the district of Simmering such as the 0-energy gym: This is Smarter Together.

Whether small or big, young or old – all inhabitants of the district of Simmering are part of Smarter Together. One of the biggest players in the district is Siemens: With 1.200 staff members it is the biggest employer locally and partner of Smarter Together. For the young citizens big investments will be made in the New Secondary Schools „NMS Enkplatz“: Brand new zero-energy gyms and modern urban furniture. The refurbishment of vast residential buildings will bring advantages for all: Reduced heating costs for the tenants and know how for the future.

in this way, all will benefit from the project = Smarter Together in Simmering.

© PID / Jobst

„Smarter Together“ is a smart urban renewal project. It is funded by the EU in the amount of 25 Mio. Euro and implemented in Vienna, Munich and Lyon. All partners, institutions, governance, enterprises and the local inhabitants jointly develop ideas and projects which will bring more quality of life into the district. The focus lies on (social) housing, mobility and energy. In total, investments of over 80 Mio. Euro will be triggered in Vienna.

Vienna's project related experiences and results are shared within the city administration, other districts as well as internationally. The EU funded project includes also follower and observer cities such as Santiago de Compostela, Sofia, Venice, Kiev/Kyiv and Yokohama.

Project duration: 2016 to 2021

LET'S MAKE SIMMERING FIT FOR THE FUTURE!

A PROJECT FOR A WHOLE DISTRICT.

The local inhabitants of the traditional district of Simmering, the City of Vienna as well as numerous partners and enterprises develop joint actions for an urban district with a high quality of life.

Funded by the Horizon 2020 programme
of the European Union

SMARTER TOGETHER in the District of Simmering.

FACTS AND FIGURES:

- Three residential neighborhoods with 1.300 inhabitants will get a smart refurbishment. This corresponds to a **total floor surface of 63.000 m²**.
- **6.000.000 kilowatt hours (kWh)** will be saved every year (in all the refurbished housing complexes together). This corresponds to the energy use of about 700 housing units.
- Total saving of about **2.000 ton of carbon dioxide (CO₂)**.
- **900 jobs** will be secured or partly even created.
- **9 departments** of the Vienna city administration are included in the intensive governance learning process. Experiences and results of the project will be integrated in a sustainable way all over the city.

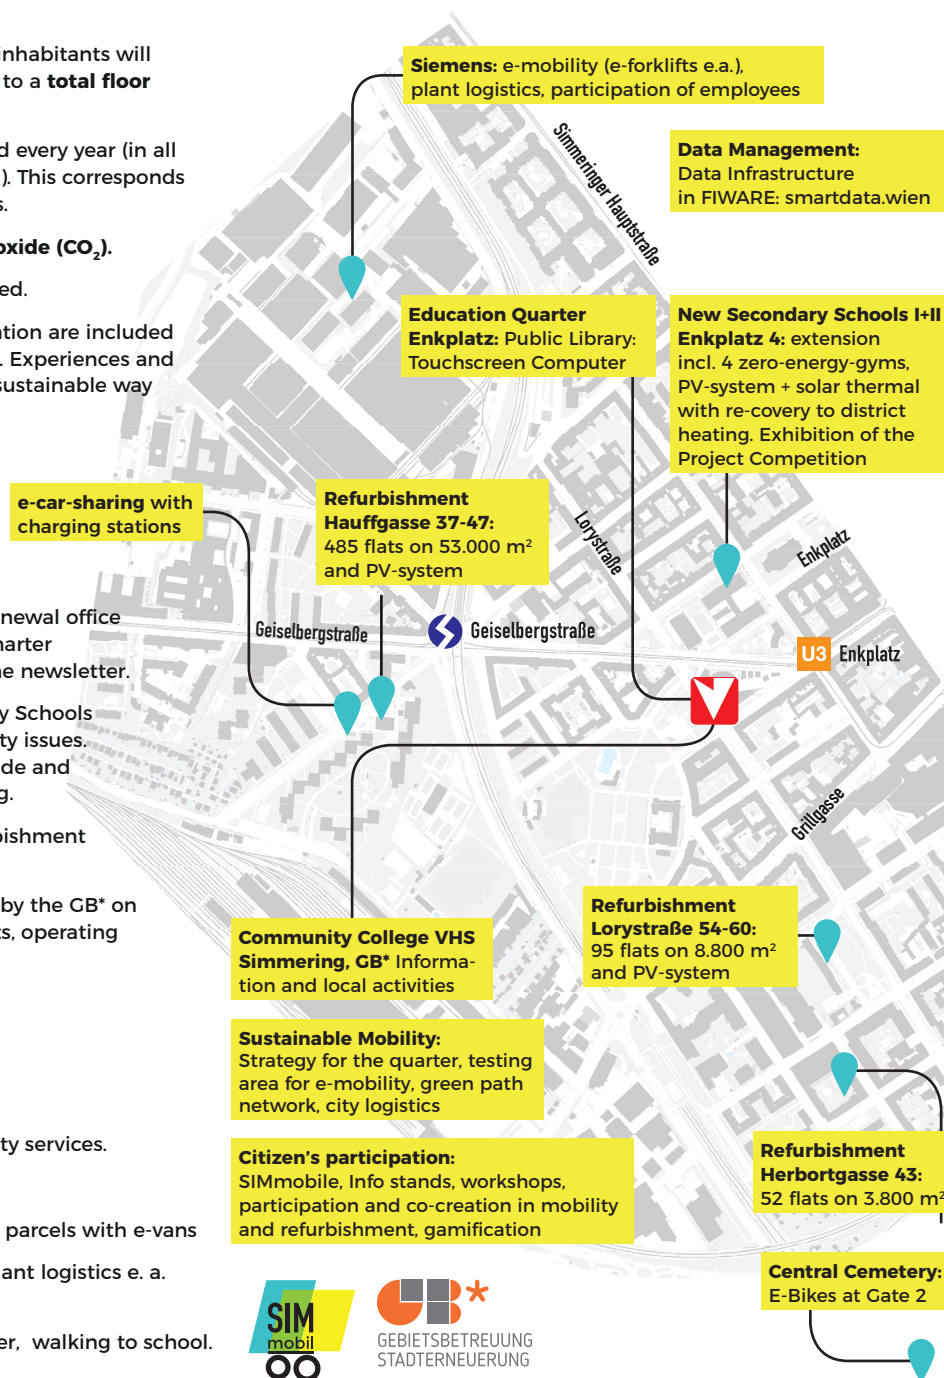

CREATE TOGETHER. Focus Participation

- **INFORMATION:** Ask the team of the urban renewal office GB* in the „SIMmobile“ (the Info-Mobile of Smarter Together), visit the website or subscribe to the newsletter.
- **PARTICIPATION:** Pupils of the New Secondary Schools „NMS Enkplatz“ have workshops on Smart City issues. A mobility survey in the district has been made and numerous participatory activities are ongoing.
- **CO-DESIGN:** Tenants participate in the refurbishment projects.
- **COUNSELING:** Free of charge counseling i. a. by the GB* on Smarter Together activities as well as on rents, operating costs, green spaces, energy savings etc.

ADVANCE TOGETHER. Focus on traffic and mobility

- **MOBILE:** First „Mobility Point“ for new mobility services.
- **SHARED:** Rent e-bikes and e-cars.
- **ECO-FRIENDLY LOGISTICS:** The Post delivers parcels with e-vans
- **QUIET WITH ZERO-EMISSIONS:** e-forklifts, plant logistics e. a. at Siemens.
- **QUALITY OF LIFE:** e-cargo-bike for the quarter, walking to school.

Selected Implementation Projects

LIVING TOGETHER. Focus Refurbishment

- **EFFICIENT:** Thermal-energetic refurbishment of residential neighborhoods.
- **MODERN:** Photovoltaic and solar heat.
- **LOW COST:** Energy saving lighting.
- **ECO-FRIENDLY:** e-cars for housing communities.
- **FUTURE ORIENTED:** New annex building for the secondary schools NMS Enkplatz and four zero-energy gyms.

SUPPLYING TOGETHER. Focus Energy

- **INNOVATIVE:** New energy concepts for the Zero-energy gyms and development of district heating.
- **PRODUCTIVE:** Locally produced energy is used to produce district heat.
- **EFFICIENT:** Over 700.000 kWh per year by solar energy.
- **MODERN:** District heating for 250 additional flats.

SIMMERING CENTRAL AREA. Geiselberg / Enkplatz / Braunhuberviertel

Vienna's „Smarter Together“-urban renewal project area is located between the main road „Simmeringer Hauptstraße“ and the Eastern rail track (i.e. the quarters of Geiselberg, Enkplatz, Braunhuberviertel). In total, 21.000 inhabitants will directly benefit from smart solutions in the areas of refurbishment, energy, mobility and Information and communication technology.
